

SYNCRO

C O R P O R A T I O N

Synchronized Manufacturing • Integration • Management

CAPABILITIES BRIEF

COMPANY OVERVIEW:

Syncro Corporation is a privately-held manufacturing and systems integration company with corporate headquarters located in the North Alabama region just minutes away from Huntsville, Alabama. Huntsville, Alabama has been recognized nationally for its highly skilled workforce and contributions in the fields of research, development, manufacturing and logistics. Syncro Corporation is located in close proximity to Redstone Arsenal, home to the Army Aviation and Missile Command, NASA, and the second largest research park in the U.S. The area's strong economy and military technology focus creates a demand for a highly skilled workforce and offers Syncro customers distinct advantages. Syncro Corporation offers more than 75 years of experience in product research and development, management, and post manufacturing support.
